📍 Mysore, Karnataka, India

Profile Summary and Objective

Pursuing Bachelor of Engineering in Computer Science–**Artificial Intelligence & Machine Learning** with a strong interest in Full Stack Web Development. Skilled in **web technologies and data structures**, with good problem-solving and communication abilities. Demonstrates leadership, strategic thinking, and teamwork through academics, sports, and extracurricular activities. Seeking an internship to apply and enhance **full stack development** skills in real-world projects.

Academics

Education	Year of Passing	Class/Grade	Board/University
10th	2021	1st Class	**Central Board of Secondary Education**
2nd PUC	2023	1st Class	**State Board of Karnataka**
B.E in CSE-Artifitial Intelligence & Machine Learning	**Pursuing (Completion Year – 2027)**		**Visvesvaraya Technological University**

Technical Skills

- **Programming Languages:** C++, CSS, HTML, JavaScript, MongoDB, SQL
- **Core Skills:** Data Structures, Computer Networks, Computer-Aided Drawing (CAD)
- **Soft Skills:** Logical use of Excel, Word, PPT Presentations and Power BI
- **Other Skills:** Problem-Solving, Logical Thinking, Algorithm Design

Projects

Finance Management Web Application

Designed a **voice-controlled finance management web page** using **Node.js** and **HTML**. Which allows users to manage their expenses and financial data through voice commands. Strengthened teamwork, coding, and real-time problem-solving skills during a competitive hackathon.

Face Recognition–Based Voting Application

Developed a secure face **voting application** using **HTML, MongoDB, CSS, and JavaScript** that enables user authentication and vote casting through facial recognition. The system verifies voter identity in real time to prevent duplicate or unauthorized voting, ensuring accuracy and transparency. Designed a responsive and user-friendly interface demonstrating practical skills in web development and computer vision integration.

Smart Portfolio

Developed a personal portfolio website using **HTML, CSS, and JavaScript**, focusing on modern UI design, responsive layouts, and performance optimization. Implemented clean component-based styling with SCSS and optimized assets for faster load times to effectively showcase projects, skills, and professional profile.

Strengths

- Excellent Communication
- Leadership and Team Management
- Multi-tasking & Time Management

Curricular Activities

- Motivational **Speaker** at Witlitz Youth Welfare Organisation.
- Award winner in multiple **debate** competitions.
- **Chess Master** – developed strong analytical and decision-making skills.
- Passionate about **football and badminton**, promoting teamwork and discipline.
